

KX Private Members' Health Club

We're getting ready to welcome you back. Saturday 25th July

As lockdown restrictions continue to ease across the UK, the team at KX is delighted to announce the re-opening of the Club on Saturday 25th July.

While our doors have been closed, our team of resident experts have been building on KX's already high standards of health & hygiene, developing a re-opening strategy designed to keep you, our Members, as safe as possible.

Club hours have been revised to allow for additional rigorous deep cleaning, gym and class capacities have been restructured, and we've ensured that social distancing can be adhered to throughout the Club.

We are also the first and only members' club in the UK to have introduced Thor UVC Robot technology. Designed specifically for hospital and healthcare environments, Thor uses room mapping technology to deliver a fast and effective germicidal dose of UVC energy, killing 99.9% of bacteria and pathogens - disinfecting both surfaces and the air.

Upon re-opening, we'll be offering Members access to a comprehensive range of Covid-19 antibody testing, from convenient home test kits through to more comprehensive immunity, health and Covid-19 antibody blood testing in the KX Spa with the Dr's Laboratory and our expert wellness team. You can request your test [here](#).

As ever, you remain our first priority, so do make sure to get in touch if you'd like any further information. Covid-19 has proven an evolving and dynamic crisis, and so Club Guidelines will be updated regularly in light of the latest Government or healthcare regulatory body advice. [Click here](#) to check out what you need to know.

Please be aware that all membership subscriptions will recommence from Saturday 1st August. From our family to yours, we're very much looking forward to welcoming you back to KX.

- Graziano Arricale, CEO
